Interest subsidies will be paid on the unpaid principal balance owed by a borrower either annually, semiannually, quarterly or monthly, depending on the time interest is scheduled to be paid and as near the due date as feasible, but not before. Lenders shall notify the Commissioner promptly when borrowers pay interest or principal in advance of the due date(s) provided in the loan agreement. The interest subsidy rate established by the Commissioner will be in effect for three years. At the end of the third year the need for subsidy will be reviewed and extended on an annual basis for the next two years, if justified.
